

Mira Presentation

The Mira Foundation believes in the equality for all bodies. Our goal is to promote the autonomy and social inclusion of persons with visual and physical disabilities as well as those on the autism spectrum. For this purpose, we provide dogs, free of charge, that are bred and trained to meet their needs.

In 1981, Mira founded the first French-speaking Canadian guide dog school, and has since then provided over 3,000 guide dogs and service dogs. Mira receives no subsidies and relies entirely on donations from the general public for its funding. Without the generosity and initiative of people like you, Mira would be unable to reach its goals. You make all the difference, and we are truly grateful that you wish to help raise awareness of our mission.

The Mira Foundation must approve your request before starting any procedures. It is therefore important to send us the Presentation Request form. Please allow an estimated delay of up to 10 business days before receiving an answer to your request.
